# Eesmärgid

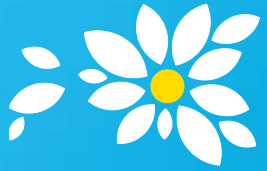

- **Eesmärk 1** - riik on inimesekeskne, lihtne, tõhus ja võimalikult isereguleeruv süsteem
- **Eesmärk 2** – riik toetub tugevale kodanikeühiskonnale ja väikeettevõtlusele.
- **Eesmärk 3** – motiveeritud kohalik tasand saab ise hakkama saama, teenib ise tulu, mõtleb ise oma peaga.
